SYMPOSIUM INVESTING IN CALIFORNIA'S GREEN VALLEY ECONOMY

SPEAKER

BILL LOCKYER

CALIFORNIA STATE TREASURER

Elected in November as California's 32nd State Treasurer, Bill Lockyer continues a career in public service that spans more than three decades. As State Attorney General from 1999-2006, Mr. Lockyer led DNA crime-fighting advancements, successfully fought to protect

consumers, the environment and civil rights, and recovered more than \$6.5 billion for defrauded energy ratepayers and taxpayers. During his 25-year career in the Legislature, culminating in a stint as leader of the State Senate, he crafted agreements to balance the state budget and reform government programs to make them run more efficiently and effectively for taxpayers. As treasurer, he is committed to addressing transportation, health-care, affordable housing and environmental issues to create a stronger California.
